CONCURRENCES

§61.131 Scope.

Sections 61.132 through 61.136 apply to a carrier which must file concurrences reflecting rates and regulations for through service provided in conjunction with other carriers and to a carrier which has chosen, as an alternative to publishing its own tariff, to arrange concurrence in an effective tariff of another carrier. Limited or partial concurrences will not be permitted.

§61.132 Method of filing concurrences.

A carrier proposing to concur in another carrier's effective tariff must deliver two copies of the concurrence to the issuing carrier in whose favor the concurrence is issued. The concurrence must be signed by an officer or agent of the carrier executing the concurrence, and must be numbered consecutively in a separate series from its FCC tariff numbers. At the same time the issuing carrier revises its tariff to reflect such a concurrence, it must submit both copies of the concurrence to the Commission. The concurrence must bear the same effective date as the date of the tariff filing reflecting the concurrence.

§61.133 Format of concurrences.

(a) Concurrences must be issued in the following format:

§ 61.134

Federal Communications Commission, Washington, D.C. 20554.

This is to report that (name of concurring carrier) assents to and concurs in the tariffs described below. (Name of concurring carrier) thus makes itself a party to these tariffs and obligates itself (and its connecting carriers) to observe every provision in them, until a notice of revocation is filed with the Commission and delivered to the issuing carrier.

This concurrence applies to interstate (and foreign) communication:

- 1. Between the different points on the concurring carrier's own system;
2. Between all points on the concurring carrier's system and the systems of its connecting carriers; and
3. Between all points on the system of the concurring carrier and the systems of its connecting carriers on the one hand, and, on the other hand, all points on the system of the carrier issuing the tariff or tariffs listed below and the systems of its connecting carriers and other carriers with which through routes have been established.

(NOTE: Any of the above numbered paragraphs may be omitted or the wording modified to state the points to which the concurrence applies.)

(b) No material is to be included in a concurrence other than that indicated in the above-prescribed form, unless specially authorized by the Commission. A concurrence in any tariff so described will be deemed to include all amendments and successive issues which the issuing carrier may make and file. All such amendments and successive issues will be binding between customers and carriers. Between carriers themselves, however, the filing by the issuing carrier of an amendment or successive issue with the Commission must not imply or be construed to imply an agreement to the filing by concurring carriers. Such filings do not affect the contractual rights or remedies of any concurring carrier(s) which have not, by contract or otherwise, specifically consented in advance to such amendment or successive issue.

§ 61.134 Concurrences for through services.

A carrier filing rates or regulations for through services between points on its own system and points on another carrier's system (or systems), or between points on another carrier's system (or systems), must list all concurring, connecting or other participating carriers as provided in § 61.54 (f), (g) and (h). A concurring carrier must tender a properly executed instrument of concurrence to the issuing carrier. If rates and regulations of the other carriers engaging in the through service(s) are not specified in the issuing carrier's tariff, that tariff must state where the other carrier's rates and regulations can be found. Such reference(s) must contain the FCC number(s) of the referenced tariff publication(s), the exact name(s) of the carrier(s) issuing such tariff publication(s), and must clearly state how the rates and regulations in the separate publications apply.

§ 61.135 Concurrences for other purposes.

When an issuing carrier permits another carrier to concur in its tariff, the issuing carrier's tariff must state the concurring carrier's rates and points of service.

§ 61.136 Revocation of concurrences.

A concurrence may be revoked by a revocation notice or cancelled by a new concurrence. A revocation notice or a new concurrence, if less broad in scope than the concurrence it cancels, must bear an effective date not less than 45 days after its receipt by the Commission.
